The 18th Annual Art on the Beach - Chefs in the Kitchen will support Charleston Pro Bono Legal Services, Inc. which provides free civil legal services to hundreds of low-income clients in our community each year. This highly anticipated event includes a tour of beautiful homes on Sullivan's Island. Each home will have several artists set up anywhere from the porch to the living room or even poolside! In each kitchen, we will have a chef from a local restaurant or catering company. In addition to the art and hors d'oeuvres on display in each home, we will be featuring a curated selection of packaged local food products for patrons to sample along the tour. Whether you come for the house tour, art walk, or cuisine – we're sure to have something for everyone! Join us at Mex 1 on Sullivan's Island for the after party!
